

Configuração do Ambiente de Desenvolvimento

*Prof. Osvaldo Kotaro Takai
Profa. Ana Cristina dos Santos*

O que vamos fazer?

- Instalar o Google Chrome caso não esteja instalado.
- Criar um novo e-mail para trabalhar com Bots.
- Instalar a Extensão do Automation Anywhere (AA) para o Google Chrome.
- Acessar o Automation Anywhere Community Edition.
- Verificar sua nova conta do gmail.
- Criar e executar o Primeiro Bot: “Olá Mundão!”.

Instalar o Google Chrome caso não esteja instalado

- Caso ainda não tenha instalado o navegador Google Chrome, entre neste link: [Google Chrome](#), e realizar a instalação.

Criar um novo e-mail para trabalhar com Bots

- [Clique aqui](#) para criar um novo e-mail do Gmail
 - Não esqueça do seu novo login e senha
- Utilizando o seu novo e-mail, envie um e-mail, com o assunto: Novo e-mail para a disciplina RPA, para o e-mail informado pelo seu tutor, com suas seguintes informações pessoais:
 - Nome completo (sem omissões ou abreviações);
 - E-mail e
 - Celular / WhatsApp.

Instalar a Extensão do AA para o Google Chrome

- No navegador Google Chrome, abra a página para a instalação da extensão: [Automation Anywhere do google chrome](#).
- Instale clicando no botão Usar no Chrome.

Acessar o AA Community Edition

Figura 1.2.5 - Automation 360 - 5

The image shows a registration form for Automation Anywhere Community Edition. The form is titled "Your RPA journey starts here. Get **Community Edition** FREE". It contains several input fields: *First Name, *Last Name, *Business Email, *Phone Number, *Company Name, *Number of Employees (dropdown), *Job Level (dropdown), and *Country/Region (dropdown). Below the form, there is a disclaimer: "Your use of this website is subject to the Automation Anywhere [Terms](#) and [Privacy Policy](#)." followed by two checkboxes. The first checkbox is for accepting the terms and conditions. The second checkbox is for agreeing to receive communications. Below the checkboxes is a blue button labeled "GET FREE COMMUNITY EDITION".

Annotations with orange arrows point to specific parts of the form:

- An arrow points to the *Business Email field with the text "Informe o novo e-mail!".
- An arrow points to the *Phone Number field with the text "Coloque +55".
- Two arrows point to the first and second checkboxes with the text "Check".
- An arrow points to the "GET FREE COMMUNITY EDITION" button.

Verificar sua nova conta do gmail

Figura 1.2.8 - Login no Automation

The image shows a login form titled "Log in" with two input fields: "Username" and "Password". The "Username" field contains a redacted email address followed by "@gmail.com". The "Password" field contains a series of dots. Below the fields is a checkbox labeled "Remember my username". At the bottom are two buttons: "Log in" and "Forgot password?".

Annotations with orange arrows:

- An arrow points from the text "Informe o seu novo e-mail:" to the "Username" field.
- An arrow points from the text "Informe a senha recebida por e-mail" to the "Password" field.
- An arrow points from the right towards the "Log in" button.

Criar o Primeiro Bot: “Olá Mundão!”

- Vamos agora criar o nosso primeiro Bot!
- Esse bot fará uma coisa bem simples: exibir a mensagem “Olá Mundão”.
- Isso será o suficiente para você entender o básico de como criar e executar um bot!

Mão à obra!

Criar o Primeiro Bot: “Olá Mundo!”

Figura 1.2.12 - Automation Anywhere - 3

The screenshot displays the Automation Anywhere Community Edition interface. On the left is a dark sidebar with navigation options: Explore, Home, Discovery Bot, Processes, Opportunities, IQ Bot, Automation (highlighted with a red arrow 1), Activity, Manage, and Administration. The main area is titled 'Automation' and features a search bar (with a red arrow 2) and a table of 'Files and folders (15)'. A modal dialog titled 'Create Task Bot' is open in the center, with a red arrow 3 pointing to its title bar. The dialog contains fields for 'Name' (filled with 'OlaMundao', with a red arrow 3 pointing to it), 'Description (optional)' (filled with 'Meu primeiro bot', with a red arrow 4 pointing to it), and 'Folder' (filled with '\Bots\'). There are 'Cancel' and 'Create & edit' buttons at the top right of the dialog, and a 'Choose...' button next to the folder field. A red arrow 5 points to the 'Create & edit' button. The background table lists various folders like '07 - RegEx', '12 - Google API', '13 - Preencher Página Web', and '14 - Usando BD Access'.

Criar o Primeiro Bot: “Olá Mundo!”

Figura 1.2.15 - Criando Bot “Olá Mundo!” - 3

The screenshot shows the Automation Anywhere Enterprise interface for creating a bot. The bot is named "OlaMundao". The interface is divided into three main sections:

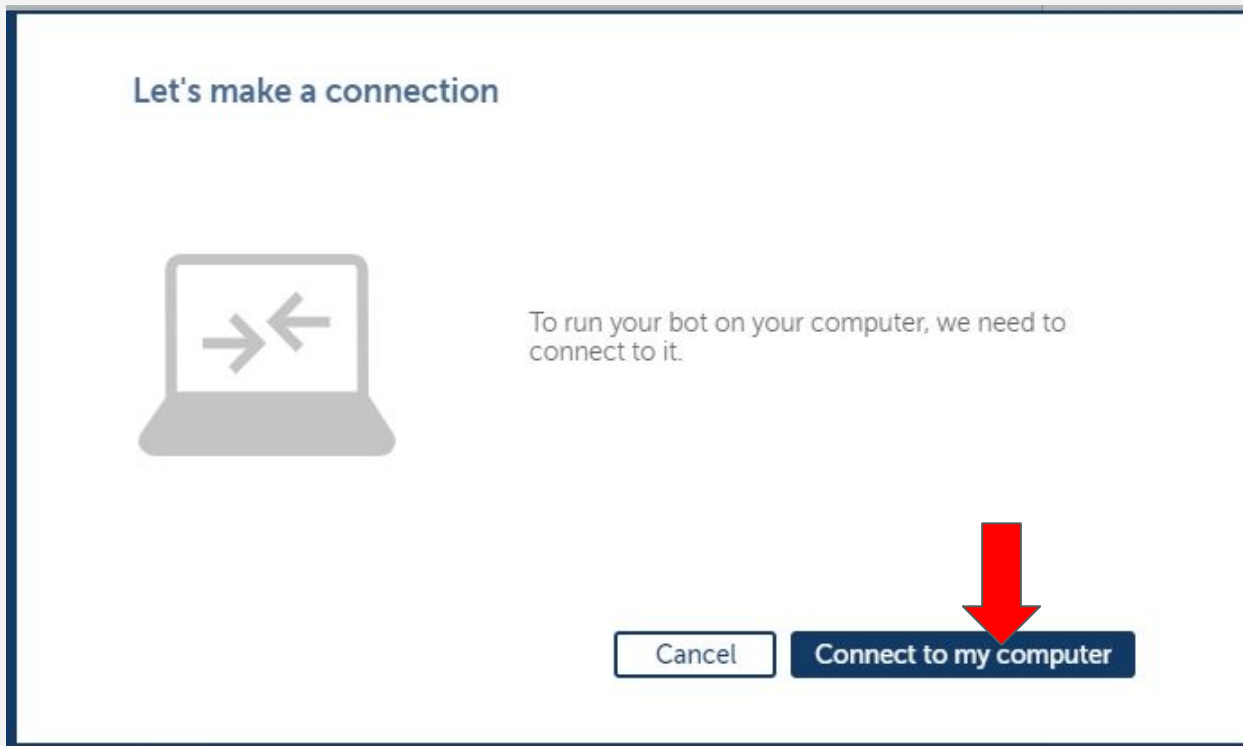

- Left Sidebar:** Contains a search bar and a list of actions. The actions listed include: A2019DemoPackage, A2019DemoPackage, AARI Web, AWS Comprehend NLP, AWS Comprehend NLP (Beta), Active Directory, Analyze, App integration, Application, Boolean, Bot Migration, Browser, CSV/TXT, Clipboard, and Comment.
- Central Canvas:** Displays a flowchart with the following steps: "Start" (play button icon), "Message box" (message box icon), and "End" (stop button icon). A red arrow labeled "1" points to the "Message box" action.
- Right Panel:** Configures the "Message box" action. It includes the following fields and options:
 - Enter the message box window title:** A text field with the value "Automation Anywhere Enterprise (x)". A red arrow labeled "1" points to this field.
 - Enter the message to display:** A text field with the value "Olá Mundo!". A red arrow labeled "2" points to this field.
 - Scrollbar after lines:** A text field with the value "30". A red arrow labeled "3" points to this field.
 - Close message box after:** A checkbox labeled "Check" (indicated by a red arrow labeled "4").
 - Seconds:** A text field with the value "100" (indicated by a red arrow labeled "3").

At the top of the right panel, there are buttons for "Run", "Debug", "Cancel", and "Save". A red arrow labeled "5" points to the "Save" button, and a red arrow labeled "6" points to the "Run" button.

Parabéns!

- Se você chegou até aqui é porque você conseguiu configurar o seu ambiente de trabalho para criar e executar os seus bots.
- Agora, você está pronto para a próxima aula.
- Caso ainda tenha restado alguma dúvida, lembre-se que você sempre terá acesso ao tutor para tirar dúvidas.

Construção das Lógicas de Execução de bots
